The grant provides intensive support to help eliminate barriers to your success, such as assistance with child care, tuition and transportation.

HPOG is a study funded by the federal government which is being conducted to determine how these training opportunities help people improve their skills and find better jobs. During the study, all eligible applicants will be selected by lottery to participate in these training opportunities. Not all eligible applicants will be selected to participate in these opportunities. This document was supported by Grant 90FX0046 from the Administration for Children and Families, U.S. Department of Health & Human Services (HHS).
